

**CITY OF LODI
COUNCIL COMMUNICATION**

AGENDA TITLE: Adopt resolution authoring the non-competitive purchase of boat dock components and installation of components, to EZ-Dock of Monet, MO for the Lodi Lake Boat House improvements (\$35,495)

MEETING DATE: April 15, 2009

PREPARED BY Interim Parks and Recreation Director

RECOMMENDED ACTION: Adopt resolution authoring the non-competitive purchase of boat dock components and installation of components to EZ-Dock of Monet, MO for the Lodi Lake Boat House improvements (\$35,495).

BACKGROUND INFORMATION: Parks and Recreation staff has extensively researched handicap accessible canoe and kayak launches for the newly installed boat house. The components offered through EZ-Dock of Monet, MO is the only floating dock and lift system manufacturer that offers a port built system specifically for canoes and kayaks. The modular components will include an accessible aluminum gangway attached to the existing concrete boat house decking, (5) floating dock sections and (1) handicap accessible canoe and kayak launch installed by EZ-Dock.

The launch will provide new recreational class opportunities for the casual and advanced kayaker interested in fishing, photography or general paddle use of the lake or river.

Lodi Municipal Code 3.20.070 allows the dispensing of bids when City Council determines it is the best method of purchase. Staff recommends the non-competitive purchase of the EZ-Dock components and installation.

FISCAL IMPACT: There is no direct impact to the Parks and Recreation Department budget for the EZ-Dock components and installation. The funds in the Parks and Recreation donation account will support the purchase and installation of this project in its entirety.

FUNDING AVAILABLE: Funds have been allocated from the Parks and Recreation Donations Account to Account 1212029 for this project \$35,495

Jordan Ayers, Deputy City Manager/Internal Services Director

James M. Rodems
Interim Parks and Recreation Director

cc: City Attorney

APPROVED: 
Blair King, City Manager

EZ Dock

EZ Dock Kayak Dry-Docking System (KDDS)

.....
From the #1 Floating Dock System in the World
.....

Typical with any EZ Dock System - the size and configuration is completely tailored to your requirements and waterfront availability. The EZ Dock Kayak Launch and Docking System can be a stand alone installation or coupled with any EZ Dock or other floating dock system.

Advantages

- The ideal launching dock has finally arrived. Designed for kayaks or canoes this new floating dock system has every feature one could dream of.
- A stable platform in which to launch or recover a kayak. Railings on either side to allow an easy entry and exit to the boat. Rollers which easily move the boat from exit water to dry dock and from dry dock to entry water
- Dry environment - no wet feet on entry or exit. Preparation is made easy providing easy loading and storage of gear without getting things wet
- Then with the use of marine aluminum railings you pull yourself and the boat easily in and out of the water. No need for bilge pumps to get rid of the entry water one encounters when launching from a shore line.

The Handicapped Accessible model is designed for those with special needs - a revolutionary hydraulic solar powered assisted launch and dock slip. This is a life time dock that requires no maintenance and is designed to remain in the water year round. Ice has no affect on the EZ Dock System which is used in some of the most extreme environments.

RESOLUTION NO. 2009-37

A RESOLUTION OF THE LODI CITY COUNCIL
AUTHORIZING THE NON-COMPETITIVE PURCHASE
OF BOAT DOCK COMPONENTS AND INSTALLATION
OF COMPONENTS FOR THE LODI LAKE
BOAT HOUSE IMPROVEMENTS

WHEREAS, the Parks and Recreation staff has extensively researched handicap accessible canoe and kayak launches for the newly installed boat house; and

WHEREAS, the components offered through EZ-Dock of Monet, MO, is the only floating dock and lift system manufacturer that offers a port built system specifically for canoes and kayaks; and

WHEREAS, the modular components will include an accessible aluminum gangway attached to the existing concrete boat house decking, five floating dock sections, and one handicap accessible canoe and kayak launch installed by EZ-Dock; and

WHEREAS, the launch will provide new recreational class opportunities for the casual and advanced kayaker interested in fishing, photography, or general paddle use of the lake or river; and

WHEREAS, Lodi Municipal Code Section 3.20.070 allows the dispensing of bids when the City Council determines it is the best method of purchase; and

WHEREAS, staff recommends the non-competitive purchase of the EZ-Dock components and installation.

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council does hereby approve the non-competitive purchase of boat dock components and installation of components to EZ-Dock, of Monet, MO, for the Lodi Lake boat house improvements in an amount not to exceed \$35,495.

Dated: April 15, 2009

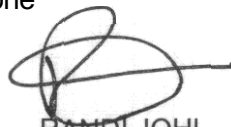

I hereby certify that Resolution No. 2009-37 was passed and adopted by the City Council of the City of Lodi in a regular meeting held April 15, 2009, by the following vote:

AYES: COUNCIL MEMBERS – Hitchcock, Johnson, Katzakian, and Mayor Hansen

NOES: COUNCIL MEMBERS – None
